A message from the Director of Campus Patrol

As the Director of Campus Patrol, I am very involved with the safety and security of Westminster College students, faculty, staff, and visitors to our campus.

With the events that have occurred on college and university campuses over the past several years, the safety of campus communities across the nation has become a very important concern. It is a priority of Westminster College Campus Patrol to provide a safe environment for the students, faculty, and staff to work and gain an education. Campus patrol was reorganized in 2008 with the addition of an Assistant Director of Campus Patrol and a Lead Field Training Officer selected from the campus patrol officers. Campus patrol has a total of nine (9) full-time officers and one (1) part-time student who oversee the security of Westminster campus twenty four hours per day.

To further facilitate the safety of our campus community a building guardian program has been established where individuals are assigned the responsibility of looking after the individuals located in their buildings during critical incidents. The campus also has the blue light phones located throughout the campus which provides instant contact with campus patrol officers. Campus patrol also offers escort services for students, faculty, and staff.

This report is prepared in compliance with the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act*, codified at 20 USC 1092 (f) as a part of the Higher Education Act of 1965. This is a federal law that requires colleges and universities to disclose information about campus crime and security policies to faculty, staff, students, prospective students and potential employees.

All members of the Westminster College community should take an active role in their own safety and security. With everyone's cooperation in following the campus policies and taking an active role in their personal safety, we can create an environment that will enhance educational and work experience at Westminster College.

Drew Long
Director of Campus Patrol
Westminster College

General Information

Westminster College, as part of its ongoing effort to keep the campus community and potential students and employees informed, and in compliance with U.S. federal law, provides the following information about crime on campus. This report is found in this document. It also may be found on the college's website at www.westminstercollege.edu/campus_patrol.

Westminster College is a small, well-lit, residential campus tucked among tree-lined streets in a primarily residential area. Crime on campus or around campus is rare. However, whenever anyone or his or her property is threatened or injured on or around our campus, the college wants to know about it and encourages everyone to report any problems or crimes to the college's Campus Patrol Department at 801-832-2525.

As required by federal law, the college used the definitions of crimes as set forth in the Federal Bureau of Investigation's Uniform Crime Reporting and Hate Crime Data Collection Guidelines. Hate crimes are defined as all crimes that are committed against a person or property which is motivated, in whole or in part, by an offender's bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their race, gender, religion, disability, sexual orientation or ethnicity/national origin. These crimes are required to be reported to the Campus Patrol Department or local law enforcement agencies where there is manifest evidence that the victim was intentionally selected because of the perpetrator's bias. New crimes have been added to the Hate Crimes this year. They include the crimes of larceny-theft, simple assault, intimidation, and destruction/damage/vandalism of property. These crimes must be reported as Hate Crimes.

Historically, our campus has experienced a very low crime rate. However, Westminster like other campuses around the country is not immune from social problems. The responsibility of maintaining this safe environment rests with everyone on campus working with campus patrol to be safety conscious and develop good security habits.

This report is published to provide the readers with information concerning incidents that have occurred on or near campus. By providing this information we hope that the readers will possibly lessen their chance of becoming a victim of a criminal offense on or off our campus.

Policy for Reporting the Annual Disclosure of Crime Statistics

Westminster College Campus Patrol is responsible for preparing an annual security report in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on Campus Patrols web page at www.westminstercollege.edu. This report is prepared in cooperation with the Salt Lake City Police Department which surrounds the Westminster campus, Student Services, Campus Security Authorities and the Campus Patrol Department.

Campus Security Authorities will prepare an incident report for all the Clery act crimes reported to them and immediately send a copy of the incident report to Campus Patrol for inclusion in the crime log and the Campus Patrol's annual report. Crime statistics reported by Salt Lake City Police Department are for those areas immediately adjacent to the campus. Campus Patrol will complete incident reports on all reported crime for inclusion of the statistics in the crime log and the annual report.

At the beginning of each school year an e-mail notification will be made to all enrolled students, faculty and staff that provide the web site to access this report. Copies of the report may also be obtained at the Campus Patrol Office located on the lower level of Stock Hall in room LL6 or by calling 801-832-2527. All prospective employees may obtain a copy from Campus Patrol Web page or from campus patrol.

Campus Patrols Legal Authority

Utah State Code 76-8-702 clarifies the power vested in the governing board of each private or state institution of higher education to regulate, conduct, and enforce law and order on property owned or controlled by it. Campus patrol receives its authority from the governing board of Westminster College.

Campus Patrol officers are not sworn police officers and do not possess arrest power. Their authority is restricted to the time they are performing their duties on Westminster College Campus. Officers are governed by the department policy and procedures manual and all other requirements set forth by Westminster College. Campus Patrol Officers have the authority to ask persons for identification and to determine whether the individuals have lawful business at Westminster College. Campus Patrol officers have the authority to issue parking tickets and detain person's who have committed criminal offenses on campus.

Westminster College is located in Salt Lake City. The City of Salt Lake Police Department has primary law enforcement jurisdiction of all property owned, leased, or under the control of Westminster College; therefore a Memorandum of understanding was established with the Salt Lake city Police Department to investigate any serious criminal incidents or situations which occur on any property owned, leased, or under the control of the College. These incidents will include violent felony offenses, missing persons or other situations that may affect the safety of persons on the campus or in the city. Campus Patrol cooperates well and works closely with both the Salt Lake City Police Department and Salt Lake County Sheriff's Office.

All crime victims and witnesses are strongly encouraged to accurately report all crimes and public safety related incidents to the Campus Patrol Office and Salt Lake City Police Department in a timely manner. The Campus Patrol Department will help all victims of crime report the crime to Salt Lake City Police Department. Prompt reporting will assure timely warning notices on-campus and timely and accurate disclosure of crime statistics on our crime log and in our annual Security Report.

Campus Safety

Westminster College Campus Patrol provides 24 hour service seven (7) days each week. The patrol officers continually patrol the campus grounds, student dorms, campus buildings, parking lots and classrooms. The rounds are made on foot, in a vehicle, and on a bicycle (weather permitting). The rounds include walking through buildings, campus perimeter and interior checks, and nightly locking/closure procedure. All campus patrol officers receive ongoing training throughout the year. A few of the subjects trained include crime scene investigation, violence in the work place, unarmed self defense, active shooter on campus, constitutional and civil law, Utah criminal code, illegal drugs and many other subjects.

Escort Services

Westminster Campus Patrol has officers available on the campus 24 hours per day. Anyone walking on campus will be provided an escort from one campus location to another campus location by calling 801- 832-2525. When you are approaching campus and you want an escort call campus patrol in advance of your arrival and they will meet you at the designated location.

Emergency Telephones

Emergency telephones are strategically located throughout the campus. They are marked by blue lights and bold lettering.

In an emergency

- Push the talk button
- There will be a short delay while the phone connects to the campus patrol cell phone where you will talk personally to a campus patrol officer.
- An officer will see your location and respond immediately.

Security Education and Prevention

An orientation is held for all new students and employees. During the orientation, students and employees are informed about campus security procedures and are encouraged to be responsible for their own security and the security of others. Additional programs designed to inform the campus community on how to prevent crimes are held throughout the year. Programs such as presentations by the Salt Lake Rape Recovery Center, a Health and Wellness Fair, educational programs during National Substance Abuse Week, and a seminar on Freedom Responsibility emphasizing personal choice and accountability are often presented. The college also has screening available for alcohol abuse, eating disorders, and depression.

Westminster Building Access Policy

The college campus is well-lit and patrolled night and day by Campus Patrol. Campus Patrol makes continual rounds of the campus facilities 24 hours a day, seven days a week. The rounds are made on foot, in a vehicle, and on a bicycle (weather permitting). The rounds include walking through buildings, campus perimeter and interior checks, and a nightly locking/closure procedure. During their patrol of the campus patrol officers monitor all lighting and report any maintenance issues.

During business hours, the college will be open to students, parents, faculty, staff, contractors, guests and invitees. During non business hours access to all college facilities is by issued keys, or by admittance via Campus Patrol. In case of periods of extended closing, the college will admit only those persons with prior approval.

Resident halls are secured 24 hours a day. Student residential buildings are protected by a radio key system. Each residential student has access only to his or her hall. Each student has an

individual door and mailbox key. For campus residents, two resident advisors are on duty each night from 5pm to 8am on weekdays and all day Saturday/Sunday. In addition, there is a hall monitor posted at the locked entrance of each residence hall during most hours. Resident advisors conduct at least two rounds of each student housing building each night. The resident advisors are also available by cell phone in case of an emergency. The cell phone numbers are posted in each hall. Over extended breaks the doors of all halls will be secured around the clock, with all key fobs deactivated until the students return.

To Report a Crime or Emergency

Student, faculty, staff, and guests are encouraged to report all crimes, emergencies, and public safety related incidents to Westminster College Campus Patrol in a timely manner. Campus patrol can be reached anytime of the day or night. To report a crime or request assistance call 801-832-2525 from a cell phone or off campus phone. Confidential Reporting Procedures

If you are a victim of a crime and do not want to pursue action within Westminster College's system or the criminal justice system, you may still want to consider making a confidential report. With your permission the Director of Campus Patrol or a designee of Campus Patrol can file a report on the details of the incident without revealing your identity. The purpose of the confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the college can keep an accurate record of the of the number of incidents involving students, determine where there is a pattern of crime with regards to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.

Weapons on Campus

The possession, use, or display of firearms or any other dangerous weapons, including, but not limited to, switchblades, large knives, butterfly knives, hatchets, axes, swords, explosives, chemicals, stun guns, BB guns, or ammunition for weapons, is strictly prohibited on campus or while conducting college business off campus, unless such weapons have been registered with and authorized by the Director of Campus Patrol. The possession, storage, display, or use of any hazardous chemical, explosive, or incendiary device (including firecrackers or fireworks) is also prohibited. Each member of the campus community has the responsibility and duty to immediately report any knowledge he or she may have regarding the possession, use, or display of weapons or ammunition on campus. Failure to abide by this policy may result in disciplinary action.

Missing Residential Student Policy

When the Office of Student Life receives a report from friends, family members or associates that a student who resides in campus housing may be missing, the Director of Campus Patrol and the Dean of Students will initiate an investigation.

The Dean of Students will notify the person(s) listed on the student's emergency contact form and the appropriate law enforcement agency regarding the situation within 24 hours once the College declares the student missing. If a student would like someone other than those listed on his/her emergency contact form to be informed in this instance, he/she must notify the Office of Student Life within two weeks of the start of each semester. If the student is under the age of 18, the Dean of Students will automatically contact the student's parents/guardian.

Sex Offender Registry

In accordance with the Federal Crime and Safety Reporting Act, Westminster College provides the Internet address that lists convicted sex offenders' names. In Utah, the list has been posted since 1998. Offenders' names will remain on this list from 10 years to life depending on the criminal offense they committed and the date they were convicted. Information posted on this site includes photos, descriptions, addresses, vehicles, offenses, and the type of victims targeted. Registered sex offenders are also required to report to the state if they are enrolled as a student, or employed by a postsecondary institution.

The Utah website is www.corrections.utah.gov. You can search this site by name and zip

code, or you can search by address. To locate any sex offenders near the campus you would use the address of the college which is 1840 South 1300 East, Salt Lake City, Utah 84105. If you live off campus you can enter your home address, city and zip code. When you go to the web site scroll to the bottom of the page and accept the conditions for us of the site. Then go to the top of the page and type in the address information.

Violence on Campus

Westminster College is committed to providing a safe environment that will be orderly, civil, and stable for all members of the campus community. Accordingly, violent or harassing behavior of any kind and at any level will not be tolerated. Such behavior includes, but is not limited to, threatening or intimidating words or gestures, throwing or directing objects at or near others, refusal to follow the instructions of Campus Patrol, and physical contact such as hitting, punching, or wrestling, unless such behavior occurs within an organized and supervised college activity. Each member of the campus community has the responsibility and duty to immediately report any violent or threatening behavior. Failure to follow this policy is grounds for immediate suspension and/or expulsion.

Timely Warning Policy

Whenever there is an incident on or off campus that constitutes an ongoing or continuing threat a timely warning will be given. The warning will be issued through the college e-mail system to students, faculty and staff. A Threat Assessment Behavior Intervention Committee (TABIC) is responsible for reviewing incidents and issuing timely warnings in compliance with the Jeanne Clery Act, 20 U.S.C. § 1092(f) et seq. Anyone with information that possibly warrants a timely warning should report the circumstances to Campus Patrol immediately.

The decision to issue a timely warning shall be decided on a case by case basis in compliance with the Act and considering all available facts surrounding the campus community, whether the crime is considered a serious or continuing threat to students or employees and the possible risk of compromising law enforcement efforts.

Timely warnings are usually issued for the following classifications when they become a threat to the campus community:

- arson
- burglary
- robbery
- aggravated assault
- criminal homicide
- motor vehicle theft
- sex offenses
- any other crimes as deemed necessary

Procedure

When any serious incident occurs a member of TABIC will immediately call a meeting to discuss the incident. When possible and if time allows, at least three members of TABIC should meet to review the incident and make the decision if a timely warning is necessary. TABIC will then decide what information needs to be included in the timely warning and arrange for the appropriate media distribution of the warning, which may include, email, bull

horn, notification to building guardians for disbursement, or by printed material. When an immediate warning is required any member of TABIC may issue the warning without a TABIC meeting.

In addition, if a major catastrophe or disaster occurs at Westminster College, the college may provide timely information regard the incident(s) using postings, flyers, student newsletters, and public service announcements with local television and radio stations.

The warning may include, but is not limited to, the following information:

- type of crime
- location of occurrence
- available suspect information

Timely Warning Committee

The timely warning committee is comprised of the following Westminster College staff members:

1. Susan Heath (Associate Provost Student Development)
2. Mark Ferne (Dean of Students)
3. Kelly Hill (General Counsel/Risk Management)
4. Darin Jones (Managing Director of Administration)
5. Lisa Jones (Director of Counseling)
6. Drew Long (Director of Campus Patrol)

This committee meets at the direction of any member when a serious incident occurs that may present an immediate or continuing threat to students and employees on the Westminster campus. The committee will discuss the incident and prepare the appropriate notifications to be released to the campus community and students living off campus.

Campus Crime Log

The Director of Campus Patrol maintains a daily Campus Crime Log that records all crimes reported to Campus Patrol, including crime reports from the Salt Lake City Police Department and the Salt Lake County Sheriff's Office, as received. This log contains the nature, date, time, and general location of each crime and the disposition of the complaint, if it is known. The log does not contain the names of the victims or the alleged perpetrators.

Whenever the college becomes aware of a crime that constitutes a threat to the college community, such information is disseminated immediately via electronic mail to all students, faculty, and staff, in addition to being reported in the log, published in *The Forum*, and included in the annual Crime Statistics Report.

The Campus Crime Log is open to public perusal within two business days of the initial report being made to Campus Patrol. It can be located on the bulletin board in the lower level of Bamberger Hall next to the Human Resource Department or on the Campus Patrol web site. If disclosure of such information is prohibited by law, would jeopardize the confidentiality of the victim, jeopardize an ongoing criminal investigation or the safety of an individual, cause a suspect to flee, or result in the destruction of evidence, the information will be withheld until the possible damage is no longer likely. The decision of when to release Crime Log information to the public is at the sole discretion of the director of Campus Patrol.

Personal Safety

The safety of students, faculty and staff on campus is the responsibility of everyone. Following a few simple suggestions can reduce the possibility of you becoming a victim to a criminal event.

1. Remain alert and attentive to your surroundings for potential danger.
2. Report any suspicious persons or activity immediately to campus patrol.
3. Don't take chances by putting yourself at risk.
4. During the evening hours always walk with a companion.
5. Tell a roommate or friend who you will be with, where you are going and when you expect to return
6. Trust your feelings. If things don't feel right then things are probably not safe. If you feel threatened or coerced into an activity against your will, get away fast.
7. Do not use alcohol or drugs, they will dull your senses and make you more vulnerable to becoming a victim.
8. Be selective as to whom you date
9. Avoid meeting/dating people you don't know.

Sexual Assault Policy

Westminster College promotes a safe learning environment and will not tolerate any kind of sexual interaction accompanied by or accomplished by force or intimidation.

Sexual assault involves any act of forced, coerced, or non-consensual sexual contact including actual or threatened contact with a person's genitals and/or breasts or attempts to disrobe a person fully or partially. Rape is a crime of violence involving forced sexual intercourse committed without consent of the victim. Force may involve physical violence, coercion, or the threat of harm to the victim. The same definition applies whether the assailant is a stranger or acquaintance. In a majority of rape cases, the rapist is someone known by the victim.

If you are a victim of sexual assault

Many victims of sexual assault are unsure of what to do. They may be ashamed to talk to anyone or be afraid that no one will believe them. Sometimes, victims feel that the assault is somehow their fault. Our primary concern is that the victim receives proper medical attention and counseling. Assistance is also available related to changes in one's academic schedule and living arrangements.

If you are a victim of sexual assault you should:

1. Go to a safe place.
2. Preserve all physical evidence. (Do not bathe, douche, brush teeth, wash hands, or change your clothing.), or remove anything from the crime scene until you have talked with a campus patrol officer or the police
3. Incidents that occur on campus should be reported to campus patrol immediately 801-832-2525. If desired campus patrol officers will assist you in filing a complaint with the Salt Lake City Police Department. Incidents that occur off campus should be reported to the Salt Lake City Police Department. 801-799-3000.

Reporting a Sexual Assault

Although many victims are reluctant to report sexual assaults to campus or local law enforcement authorities, prompt notification is very helpful. Filing a report does not commit you to pressing charges against an assailant, but the information you provide about an incident or individual may be critical to security and to the police in preventing further violence. If you are unsure about whether or not you want to report an assault, talk with a member of the crisis response team or call the Rape Recovery Center at 801-467-7273 for more information about your options, which include the following:

1. Completing a formal police report aimed at prosecuting a suspect.
2. Completing an anonymous police report that gives the police information only. No action is taken, and the suspect is not contacted.
3. Taking action through the college disciplinary procedures if the suspected assailant is a Westminster student. Westminster College reserves the right to pursue enforcement of its own rules, regardless of whether or not legal proceedings are underway or in progress. An individual who chooses not to file a criminal complaint does not relinquish the right to an institutional investigation.
4. If disciplinary procedures are initiated, both the accused and the accuser are entitled to have others present during disciplinary proceedings, and both will be informed of the outcome. Possible disciplinary sanctions for sexual assault include suspension or dismissal from the college.

If you are Raped by Someone You Know (Date Rape/Acquaintance Rape)

Most rapes are committed by someone the victim knows. This is probably the most frequent kind of rape that occurs on college campuses. Rape victims who know their assailants often experience more guilt and self-blame, and are less likely to report the assault. It is very important to remember that if it occurs against your will, it is a crime. It is still rape even if you know the attacker and even if you had been intimate with him (98 percent of rapes are committed by men) before. A person has the right to say he or she does not want any further sexual contact, no matter how much sexual interaction has already taken place. Also, even if the person had earlier agreed to more sexual interaction, he or she has the right to change his/her mind. Any further contact is considered to be without the person's consent and therefore against the law. If you have been assaulted by someone you know, follow the guidelines given above. It is especially important to find someone to talk to about the assault. Remember, it is not your fault—you are the victim. Survivors/victims of threatened or actual sexual assault by strangers or acquaintances may experience one or more common, but highly stressful, reactions. These may include depression, self-blame, intense anxiety, confusion, a feeling of loss of control, and recurring nightmares. These reactions may continue for some time after the assault. Regardless of how recently the assault occurred, or of how severe the reaction, discussing the experience with a trained professional can be very helpful.

- Utah Rape and Sexual Assault Crisis/Information Line, 888-421-1100

On-Campus Disciplinary Procedures

Once Westminster becomes aware that such an assault has occurred, a hearing will be held at which the alleged assailant will be confronted with the charges. Both the accuser and the accused shall have the right to have others present during the disciplinary proceedings and both the accused and the accuser will be informed of the outcome of any campus disciplinary proceeding brought alleging a sexual assault. A finding that the allegations are justified may result in probation, suspension, or dismissal for the assailant. A complete description of disciplinary procedures can be found in the Policies and Procedures section of the student handbook.

Substance and Alcohol Abuse Policy

Westminster College prohibits the unlawful use, possession, manufacture, transportation, promotion, or distribution (by either sale or gift) of illegal drugs or otherwise legal but illicitly used substances, including prescribed and/or over-the-counter drugs not being used for their intended or authorized purposes on the campus of Westminster College or as part of any of its activities. Possession of paraphernalia associated with the use, possession, or manufacture of a controlled or illegal substance is prohibited on the campus of Westminster College or as part of any of its activities.

Except in those instances when prior approval has been obtained from the Westminster College administration, the use, possession, manufacture, transportation, promotion, or distribution (by sale or gift) of alcoholic beverages is prohibited on the campus of Westminster College or as part of any of its activities.

Beverage permit applications must be completed by individuals or groups responsible for an event where alcoholic beverages may be served. Westminster College will make a determination for each application, and Westminster College reserves the right to refuse its permission. Beverage permit applications may be obtained from the Office of Risk Management. The Drug-Free Workplace Act of 1988 requires all grantees or contractors of the federal government to certify that they will maintain a drug-free workplace in accordance with the act.

Interpretation, Administration, and Enforcement

The administration of Westminster College has adopted rules and regulations in connection with the interpretation, administration, and enforcement of this substance and alcohol abuse policy. Westminster College reserves the right to interpret, apply, and enforce the provisions of this policy, including the determination of whether a violation has occurred. The college also reserves the right to amend this policy as necessary to maintain compliance with applicable local, state, and federal laws or as needed to maintain the objectives of this substance and alcohol abuse policy. Westminster College shall conduct a biennial review of this policy to determine the program's effectiveness.

This substance and alcohol abuse policy shall be distributed annually to all students of Westminster College.

Disciplinary Sanctions for Violations

In addition to any of the sanctions set forth in this policy, Westminster College reserves the right to refer all matters in violation of its substance and alcohol policy to the appropriate law enforcement agencies. It is the responsibility of each individual to seek assistance before alcohol and drug problems lead to disciplinary action. A student's decision to seek assistance with an alcohol or substance abuse problem may be considered a mitigating factor in connection with any Westminster College disciplinary sanctions. Depending upon the nature or severity of the violation, a student may be required to be assessed/ evaluated by the prevention program coordinator.

Distribution or Manufacture of Drugs or Drug Paraphernalia

The penalty for sale, distribution, or manufacture of a controlled, illegal substance or drug paraphernalia on Westminster campus or as part of any of its activities can be permanent expulsion from Westminster College.

Risks of and Penalties for Using Alcohol

Alcohol is psychologically and physically addictive. The risks of using alcohol also include respiratory depression; depression of the immune system; increased risk of heart disease, cancer, accidents, or hypertension; brain damage; damage to unborn fetus; or impotence at high-dosage levels. Mothers who drink alcohol during pregnancy may give birth to infants with Fetal Alcohol Syndrome. These infants have irreversible physical abnormalities and mental retardation. Research shows that children of alcoholic parents are at greater risk of becoming alcoholics. High doses of alcohol cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described. Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and liver.

Counseling and Treatment for students of Westminster College

Westminster College offers a substance and alcohol abuse education and prevention service for the students and employees of Westminster College.

The college will use educational and informational resources available to help students gain an insight into this complex subject and to minimize the need for disciplinary action. The college encourages students with problems or questions pertaining to drug use to seek professional help through the Student Services Counseling Center or through the Office of the Dean of Students. It should be emphasized that all matters discussed in this regard will be kept in confidence.

The Office of Student Life serves as a resource for the identification and referral to treatment and rehabilitation services for those students experiencing problems related to substance abuse. The college counselors are available for individual counseling and/or evaluation of a substance or alcohol problem.

Counseling and Treatment for employees of Westminster College

Westminster College through the Employee Assistance Program (EAP), Westminster College provides confidential access to professional counseling services for help in confronting such personal problems as alcohol and other substance abuse, marital and family difficulties, financial or legal troubles, and emotional distress. The EAP is available to all employees and their immediate family members by offering problem assessment, short-term counseling, and referral to appropriate community and private services.

The EAP is strictly confidential and is designed to safeguard the employee's privacy and rights. Information given to the EAP counselor may be released only if requested by the employee in writing. All counselors are guided by a Professional Code of Ethics.

There is no cost for employees to consult with an EAP counselor. If further counseling is necessary, the EAP counselor will outline community and private services available.
